

## Fanfani Quits Post As Foreign Minister

### Tokyo First Stop On Tour By Humphrey

#### Appeals for Help And Advice On Viet Nam Issue

TOKYO (AP)—U.S. Vice President Hubert H. Humphrey arrived in Tokyo tonight on the first leg of a brief Asian tour and appealed to Japan for help and advice in "our common endeavors."

Humphrey planned an 18-hour stopover, en route to the inauguration of Philippine President Ferdinand Marcos. During his Asian swing he will take to leaders about Viet Nam but won't go there.

Met by Prime Minister Eisaku Sato and Foreign Minister Etsusaburo Shima, the vice president delivered an arrival statement which appeared to anticipate Japanese calls for no-holds-barred discussions of U.S. policy in Viet Nam, a touchy subject in Japan.

"The brevity of my stay should not obscure the importance we in the United States attach to frequent and frank consultation with your leaders," he said.

"Our goals and aspirations are much the same. We share the same deep commitments to peace, liberty and the prosperity of all peoples. We value your friendship, we look for your advice, we need your help in our common endeavors."

Their last sentence could have been a veiled reference to the fact that the Japanese, though still pro-American, are reluctant allies where Viet Nam is concerned.

The Japanese Communists announced plans to mobilize 10,000 persons to march in front of the U. S. Embassy in protest against Humphrey's visit. Police ruled out any demonstrations at the airport.

### Deficit Chop By Industry Seen In '66

NEW YORK (AP) — President Johnson's administration is counting on U. S. industry to chop \$1 billion from the nation's balance of payments deficit in 1966.

That would bring the nation's international accounts close to the balance point, said Andrew F. Brimmer, Assistant Secretary of Commerce for Economic Affairs, in an address prepared for delivery to the American Finance Association.

Brimmer said that target is the reason the so-called voluntary restrictions on export of dollars for overseas investment have been clearly focused on industry.

The 1966 "guidelines" on overseas investment limit such spending during the two-year 1965-66 period to 90 per cent of the level of investments in the three-year 1962-64 period.

Corporations also have been asked to boost exports and report quarterly on foreign transactions. The number of corporations to report quarterly will be more than 900, compared with about 500 in 1965.

Brimmer contended that the 1965 voluntary program "is likely to be a major source of the substantial improvement in the U. S. balance of payments for 1965."

That came about, he said, through increased expansion of exports and the repatriation of income earned overseas.

"On the other hand, the continued high rate of direct investment has dampened the over-all improvement," Brimmer added.

Consequently, in the face of the possibility of more of the same in 1966, the guidelines were redrawn to attack the investment situation.

Brimmer said that at the time the guidelines were redrawn, there was expectation that the 1966 balance of payments would deteriorate mainly because of "the acceleration of military activity in Viet Nam and the continued high rate of direct investment abroad by U. S. corporations."

### In Storm of Criticism Over Viet Peace Feeler

ROME (AP) — Amintore Fanfani, president of the U.N. General Assembly, resigned today as Italy's foreign minister after a storm of criticism over his role in handling a purported North Viet Nam peace feeler which Hanoi disavowed.

The resignation of the fiery little foreign minister came only a week before a special session of the Foreign Affairs Commission of the Chamber of Deputies called to question his part as middleman in the purported peace remover.

Amintore Fanfani

Fanfani made it clear he still wants to face the commission and answer its questions.

He asked that his resignation become effective Jan. 6, one day after the extraordinary commission hearing, so that he can appear before his critics while still foreign minister.

Some here expressed the opinion that Premier Aldo Moro would refuse to accept the resignation as a sign of solidarity with Fanfani, who is of his same Christian Democrat Party but who often has been his political opponent.

In his letter of resignation Fanfani indicated that he still was convinced of the good faith of former Florence Mayor Giorgio La Pira who passed on to him the purported Hanoi peace feeler which Fanfani passed to President Johnson.

Over the past weekend a far-right magazine, *Borghese*, published what it called an interview with La Pira, quoting him as criticizing Secretary of State Dean Rusk and Moro, and saying communism no longer exists and Red China has only eight million bicycles. That was a reference to the late Italian dictator Benito Mussolini's brag that he had eight million bayonets.

The purported interview raised a storm of criticism. La Pira said he had been quoted out of context on remarks he made half in jest and half in paradox at a private party.

Borghese said that party was held in Fanfani's home.

Fanfani said in his letter of resignation that he did not agree with the criticism of La Pira. He said, however, he felt it necessary to eliminate any doubts as to the sincerity of Italy's actions on an international level.

### Overweight Truck Load Sets Record

One of the heaviest overweight arrests to be made in Missouri is probably that of Junior Boyd Bennett, 36, 804 East 61st Terrace, North Kansas City, this morning on U.S. Highway 50. Bennett was driving a unit which weighed 24,330 pounds in excess of the lawful gross weight of 73,280 pounds, according to Trooper Robert Bruce, of the State Highway Patrol.

Trooper Bruce and Trooper William Southwick were on West Highway 50 in the LaMonte area when they noted the heavy equipment on the highway. They stopped the unit and ordered the driver to proceed to the Howard Construction Co. scales on West 50. When the unit arrived, (Please turn to page 2, col. 3)

## Johnson, McNamara In Huddle

### Guns And Butter Budget Planned For '66 Congress

AUSTIN, Tex. (AP) — President Johnson and Secretary of Defense Robert S. McNamara conferred today at the LBJ Ranch about the new Pentagon budget and developments in Viet Nam.

McNamara flew to the ranch for dinner Monday night, talked with Johnson until after midnight and began a new round of conferences about 7 a.m. over breakfast, acting press secretary Joseph Laitin reported.

The President is pushing final plans for a guns-and-butter federal budget for the 1966 Congress. Normally, the budget would be due by Jan. 25 but Laitin said an extension of the deadline might be sought "because of new hard looks at possible new economies."

In addition to face-to-face meetings with McNamara, Johnson conferred by telephone this morning with Secretary of State Dean Rusk, Undersecretary George W. Ball, and Secretary of the Treasury Henry Fowler.

Laitin said Johnson and McNamara talked about the budget, the Christmas cease-fire in Viet Nam, material and manpower needs and "the general Vietnamese situation."

He said the two men also reviewed reports forwarded from Viet Nam by Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff, and Gen. Harold K. Johnson, Army chief of staff.

## Cong to Call 4-Day Truce To Observe Lunar New Year

### US Air War Moratorium Enters Its Fourth Day

SAIGON, South Viet Nam (AP) — The Viet Cong tonight announced a four-day cease-fire in its war against South Vietnamese forces during the lunar New Year celebration next month. Meanwhile, the United States extended the moratorium on its air war against North Viet Nam for a fourth day.

A broadcast of the Communist Liberation Front radio said the Viet Cong would "stop attacking the puppet armed forces and government" from 12:01 a.m. Jan. 20 to midnight Jan. 23. The four-day festival, known as Tet, is celebrated as a national holiday in Viet Nam.

The broadcast did not mention U.S. and other foreign forces fighting alongside the South Vietnamese. But conceivably it could apply to them since their military actions are coordinated with those of the Vietnamese troops even when they are not joint operations.

There was no immediate reaction from American or Vietnamese officials to the Viet Cong broadcast.

There also was no indication how long the American air pause would last or whether the Viet Cong announcement signified a peace reaction to the American moratorium. The guerrillas have suspended hostilities in the past during the Tet celebration.

The Saigon government in the past has dismissed Communist offers of a truce for Tet as propaganda. Nevertheless, a lull has usually developed on both sides during the holiday.

The Viet Cong broadcast said the offer would allow their "compatriots" to enjoy the Tet festival, and allow "military men and personnel of the puppet government to return to their villages, worship their ancestors and visit their family tombs."

The broadcast added an unexplained qualification to the offer. It said that "soldiers, officers and personnel of the puppet government who return to their villages must comply with the practical regulations set forth by the Liberation Front military command."

These "practical regulations" were not detailed. In what appeared to be an escalation of the U.S. peace offensive, a U.S. spokesman said the United States also had suspended B52 raids on suspected Viet Cong strongholds in South Viet Nam and cut off air reconnaissance of the Communist north.

### Pause In Air Operations

## Peace Gesture to Hanoi

WASHINGTON (AP) — The United States has held back on renewing B52 heavy jet raids against the Communists in South Viet Nam as well as pausing in the bombing of the north, it was learned today.

This could be intended as an additional gesture designed to persuade Communist North Viet Nam to agree to peace discussions.

There has been no B52 attack in the south since the morning of Dec. 24, the day a 30-hour cease-fire went into effect on orders of Gen. William C. Westmoreland, the top U.S. commander in Viet Nam.

Positive instructions went out from Washington to refrain from bombing the north at the expiration of the Christmas lull.

These orders are believed to have applied to B52 operations against Red concentrations in the south as well. Such attacks have been an almost daily occurrence.

Allied planes have hit suspected Viet Cong targets since ground fighting resumed, but the strikes were made by smaller planes.

Officials refused to talk about the pause in air operations to the north and the apparent suspension of B52 strikes in the south. The reasoning in the purpose behind this new pause was closely held at very high levels of government.

Pentagon sources indicated channels.

### Heavy Rains And Snow

## Winter Takes Rap At West Coast

By THE ASSOCIATED PRESS

Strong winds, heavy rain and snow struck sections of the Pacific Northwest today.

Below-zero temperatures were reported in many areas, mostly along the northern border states.

Cape Blanco, in southern Oregon, reported nearly seven inches of rain in the last 24 hours, and at Brookings, Ore., the rainfall during the same period totaled nearly six inches.

At Crescent City on California's northern coast line, more than two inches of rain fell in six hours.

The northern California and southern Oregon areas were the scenes of damaging floods a year ago.

### Some Interest In Candidacies For Primary

First interest in filing of candidacies for the city primary election in March was shown Tuesday morning when Bennie Hatfield, a local taxicab driver, picked up five nomination applications from City Clerk Ralph Dedrick.

Hatfield, 500 East Walnut, did not file as a candidate for office, however. He said only that he had several persons he would like to interest in filing, but named no individuals or offices.

In 1962, Hatfield filed as a Democratic candidate for the nomination of mayor. But city officials were forced to withdraw his name as a candidate, since Hatfield was only 27 years old at that time. Missouri statute requires mayors of third class cities to be at least 30 years of age.

Hatfield's \$5 filing fee was eventually refunded, although he was some time in accepting it.

City Council at its last session set the city primary for March 8 and the deadline for filing for nomination is 5 p.m. on Feb. 8. The council also hiked the filing fee this year to \$50.

### Some CATV In Local Homes Within 2 Weeks

Cablevision, Inc., is expected to begin cable television service in southwest portions of Sedalia in about two weeks. W. C. Cramer, an officer and one of the two local stockholders in the firm said Tuesday.

Cramer added that service will be turned on in sections of the city as construction is completed and the entire system should be ready in about six weeks.

Workmen have been stringing cable for the system for several weeks now and Tuesday began making house drops, connections from the utility poles into residences.

Also being installed now, Cramer said, are reception antennas atop the main 540-foot tower south of Sedalia which will enable the system to pickup and amplify distant television channels. Available to subscribers to the system will be 10 different channels.

### Historian On Unauthorized Hanoi Visit

#### Professor Lynd Wants To Clarify Position of Cong

NEW YORK (AP) — Staughton Lynd, a Yale professor and a spokesman for the "new left," is reported in Hanoi to talk with leaders of Communist North Viet Nam and the Viet Cong.

Lynd, accompanied by two other Americans, is on an unauthorized mission that could result in stiff federal penalties.

The trip is sponsored by the magazine *Viet Report* "in an effort to clarify the position of the National Liberation Front (Viet Cong) and the Democratic Republic of (North) Viet Nam," said John McDermott, associate editor of the magazine.

The other two men on the trip are Thomas Hayden, a founder of the Students for a Democratic Society, and Herbert Aptheker, a reputed Communist theoretician.

Lynd's wife, reached at her home in New Haven, Conn., Monday night, said: "He is going because of his concern for peace."

The three left New York Dec. 19 and flew to Brussels, Prague, Moscow, Peking and then to North Viet Nam by way of Cambodia, said McDermott.

He said the magazine had not yet heard from Lynd, "but we expect to hear from him shortly." He did not explain how this would be done.

McDermott said the magazine is sponsoring the mission because "reports that appear in the American press purportedly describing or attributing positions to the National Liberation Front and the DRV conflict with their reports of their position. The purpose of the trip is to clear this up."

tagon, the State Department and the White House, to the Joint Chiefs of Staff and to such key military leaders as Westmoreland and Adm. U.S. Grant Sharpe, U.S. commander in the Pacific theater.

Some military officers stressed their belief that the pause is for diplomatic reasons. "It makes no military sense," said one senior officer.

The last attacks into the north before the Christmas cease-fire wound up in the afternoon, ahead of the deadline.

Air Force fighter bombers raked North Vietnamese highways, barracks, storage areas and other military targets. There were 17 such missions and all planes returned safely.

On that same day, Navy aircraft from the carrier *Ticonderoga* flew three "armed route reconnaissance missions" over North Viet Nam, hitting a railroad bridge, a road and some piers. The Navy planes, too, escaped heavy antiaircraft fire.

### Symington Arrives For Saigon Visit

SAIGON (AP) — Sen. Stuart Symington, D-Mo., a member of the Senate Foreign Relations and Armed Services Committee arrived today for a seven-day visit.

He will confer with U. S. and Vietnamese officials and visit U. S. and other troops in the field.

Zephyr Holds Annual Yule Party, Dinner

The annual Christmas party and turkey dinner of the Zephyr Manufacturing Co., was held at noon Thursday at the plant, with Bob Lindstrom, president, as master-of-ceremonies.

Rev. William Morgan led the singing of "Jingle Bells" and "Silent Night." He then gave a talk on "The Wonders of Christmas." Other guests introduced by

Lindstrom were his mother, Mrs. Harry Lindstrom, Lloyd Crawford, Mrs. Clarence Belden, Mrs. Charles Huddleston, Mr. and Mrs. David Eisenstein, Ned Lindstrom and Mrs. Robert Lindstrom.

The dinner was prepared under the direction of Mrs. O. C. Blankenship. The invocation was given by C. E. Belden, vice-president of the company.

The program was followed by a gift exchange among the employees and Christmas bonuses passed out by Lindstrom. Mrs. Blankenship, who has been employed at Zephyr for

the passed 23 years and instituted the annual dinners about 21 years ago, stated that this was her last time to be in charge of the dinner since she is retiring the first of the year. She was

## A Knock on the Knees...

To those who are unaware that the feminine hemline has been enticingly escalating, this item may be of no great concern.

But any who may have been paying attention should brace themselves for a shock.

A bank in North Carolina has taken a statewide public opinion poll on the above-the-knee skirt.

And of the 22,000 thoughtful North Carolinians who voted, more than 12,000—57 per cent—used their ballots to knock knees! Feminine knees!

Yes, sir, they voted AGAINST shorter skirts!

Of the women who voted, 83 per cent cast negative ballots. And you have to think that at least some of them arrived at the decision after

realistic appraisal of themselves in front of a mirror.

Even more significant 46 per cent of the male voters said in effect by their negative ballots, "You said, it, sister!"

Surprisingly, teen-age girls (who are not too often kneecrunching) split their vote 50-50. Less surprisingly, teen-age boys gallantly gave knees a thumping two to one vote of confidence and admiration.

Now, one state does not, of course, speak for the nation, just as one swallow does not make a summer.

But when 12,000 people out of 22,000—including a lot of men—turn eyes down on higher hemlines, you have to wonder.

For it's a fact of life in show biz that when the audience quits looking, the curtain is soon lowered.

## LBJ Order to Limit Eavesdropping

## By JACK ANDERSON

WASHINGTON — President Johnson doesn't want government wiretappers to know it came from him, but he has ordered a halt to their habit of listening in on private conversations. Only exception: the attorney general may sanction wiretaps in national security cases.

The president has also demanded a complete inventory of all government eavesdropping equipment.

His written instructions, contained in a confidential "memo for heads of executive departments and agencies," were accompanied by a stern but strange warning that his name be kept out of the crackdown on government eavesdropping.

In an accompanying letter, White House aide Lee White admonished agency heads: "The president is anxious that the attached memorandum, which is designated 'administratively confidential,' be regarded as such and that special efforts be made to respect the designation."

"In compiling the (inventory) requested in the final paragraph, there is no reason to indicate this information has been requested by the president, and a memorandum under your signature to operating personnel need not indicate this is a government-wide survey."

## White House Bugged?

Insiders say the president fears his own office might be bugged. He is less worried that enemy agents might be able to break presidential security than that one of his own federal agencies might attempt an inside job in a misguided effort to keep tabs on him.

A former Army intelligence agent, Willis Adams, disclosed last month that he had monitored private conversations of the late Eleanor Roosevelt while she was first lady. This column has learned that the Army tried to deliver a recording of a conversation between Mrs. Roosevelt and a security suspect to the FBI, which refused even to listen to it.

This column has also learned that listening devices recently were discovered in the offices of two U.S. senators. They were found by Federal Communications Commission engineers who had been asked by Sen. Ed Long, D-Mo., as part of his investigation into government eavesdropping, to check various senatorial offices for electronic snoopers.

There were no clues to indicate who had planted the devices.

## LBJ's Secret Memo

President Johnson used blunt language in his confidential memo to agency heads.

"I am strongly opposed," he wrote, "to the interception of telephone conversations as a general investigative technique. I recognize that mechanical and electronic devices may sometimes be essential in protecting our national security."

Nevertheless, it is clear that indiscriminate use of these investigative devices to

overhear telephone conversations without the knowledge or consent of any persons involved could result in serious abuses and invasions of privacy.

"In my view, the invasion of privacy of communications is a highly offensive practice which should be engaged in only where the national security is at stake. To avoid any misunderstanding on this subject in the federal government, I am establishing the following basic guidelines to be followed by all government agencies:

"1. No federal personnel is to intercept telephone conversations within the United States by any mechanical or electronic devices without the consent of the parties involved (except in connection with investigations relating to the national security)."

"2. No interceptions shall be undertaken or continued without first obtaining the approval of the attorney general."

"3. All federal agencies shall immediately conform their practices and procedures to the provisions of this order."

## Eavesdropping Permits

"Utilization of mechanical or electronic devices to overhear non-telephone conversations is an even more difficult problem, which raises substantial and unresolved questions of constitutional interpretation."

"I desire that each agency conducting such investigations consult the attorney general to ascertain whether the agency's practices are fully in accord with the law and with a decent regard for the rights of others."

"Every agency head shall submit to the attorney general within 30 days a complete inventory of all mechanical and electronic equipment and devices used for or capable of intercepting telephone conversations."

"In addition, such reports shall contain a list of any interceptions currently authorized and the reasons for them."

The next problem will be to get the private tappers off the telephone lines.

Note: Not even the telephone company trusts its phones. Senate wiretap investigators recently noticed a poster on the wall of a telephone company, warning: "Remember... no classified conversations!" The poster was signed by the "General Security Department of the Bell Telephone Laboratory, Inc."

## Chinese War Aims

A Central Intelligence Agency analysis warns ominously that Red China may be willing to engage the United States in a land war on the Asian continent for no other reason than to generate hatred against the whites.

The Chinese could portray the war as a struggle between Americans and Asians. Thus many Asians would blame the United States for the ensuing death and destruction.

The analysis suggests that the Chinese Communists, taking the long view, may be more interested in winning the support of the Asian masses than in winning military victories.

## Strings On Goldwater's Leftover Funds

## By WALTER R. MEARS

WASHINGTON (AP) — Leftover thousands in the coffers of an organization created for Barry Goldwater's presidential campaign are indirectly the product of a political fund-raising law Republican leaders want repealed.

It is the \$3 million limit on the annual spending of political committees.

The Republican Coordinating Committee, a council of party leaders, has declared the ceiling is unrealistic and should be wiped off the books.

Meeting privately, one day before the coordinating committee took that stand, the steering committee of an organization called Citizens for Goldwater-Miller had decided to use its remaining funds to help conservative Republicans who seek re-election to the House and Senate next year.

That decision was in large measure shaped by Goldwater himself, although he wasn't on hand, associates of the former Arizona senator and 1964 GOP presidential nominee reported. Goldwater was said to have been determined to see the money used for Republican campaigns.

It affects a treasury which reportedly contains more than \$200,000, almost all of it raised but not spent in Goldwater's unsuccessful try for the White House.

Citizens committees are a fixture of presidential campaigns. Theoretically, they are set up to attract the dollars and the votes of people who like the presidential candidate, but not the party he represents.

But the coordinating committee gave this account of campaign organization in calling for repeal of the "wholly unrealistic" limit on fund raising and spending.

"In practice, this provision has not limited the amount of money spent in presidential campaigns, but has spawned the creation by both major parties

of hosts of satellite committees, each legally able to collect and spend \$3 million."

Texas GOP Chairman Peter O'Donnell, who now is a leader of the Citizens for Goldwater group, has pointed out there were no strings attached to the funds still in its treasury.

Just how string-free it is was demonstrated when some men in the citizens organization argued it should be transformed into a conservative political action group.

Goldwater and former Rep. William E. Miller, the GOP vice presidential nominee last year, agreed, however, that the money should be used to help Republican candidates after they

have secured the party's congressional nominations.

In fact, Goldwater once suggested it be turned over to the Republican congressional and senatorial campaign committees.

The final decision, which O'Donnell said was unanimous, means the money will not go into the nomination bids of conservatives who want to run for Congress.

At the same time, it means the citizens group leadership can spend its treasury on the campaigns of conservative Republicans who already are there and seeking new terms.

## Penicillins Can Help Mastoiditis Sufferers

By Wayne G. Brandstadt, M.D.  
Newspaper Enterprise Assn.

Q—I have had chronic mastoiditis for about 30 years. In April I had an acute recurrence. What is the best treatment for this?

A—The mastoid cells are small air cavities in the temporal bone just behind the ear. They open into the middle ear. When a person has a middle ear infection (otitis media) the infection may extend into the mastoid cells and cause mastoiditis.

In the days before we had antibiotics the standard treatment was to open the temporal bone and scrape out these air cells, but the disease is now best treated with one of the penicillins. If this fails the old operation may have to be performed.

Q—What is the cause of Pick's disease? Is there any cure?

A—Three different Picks have described three different dis-

eases and all of them have been called Pick's disease. That's the trouble with naming a disease after a man. Disease most usually referred to as Pick's disease is chronic adhesive pericarditis, a disease in which adhesions form between the heart and the chest wall. The cause is usually rheumatic fever and the outlook depends largely on the severity of the original attack. Antibiotics and salicylates are given for the acute attack. An operation to free the adhesions is necessary in some victims.

Q—I am a mother 38 years old and am recovering from rheumatic fever. How can I tell whether the values of my heart have been damaged? My electrocardiogram is normal.

A—In the recovery from rheumatic fever a normal sedimentation rate is fully as important as a normal electrocardiogram. If your heart valves have been damaged your doctor will be able to hear a heart murmur. There are, however, different types of murmurs and not all of them indicate damage.

Q—My doctor says I have gouty arthritis and he is giving me ACTH. What is this drug and how does it work?

A—ACTH stands for adrenocorticotrophic hormone, a pituitary extract. This drug and the whole group of so-called adrenal corticosteroids are very effective in reducing all kinds of inflammation. They are of value in all types of arthritis. They are, however, best used for acute rather than chronic inflammatory conditions because prolonged use may result in softening of the bones, peptic ulcer and other complications.

Probenecid and several other drugs are recommended for gout and gouty arthritis.

## The Reward for Virtue

By Mrs. Muriel Lawrence  
Newspaper Enterprise Assn.

To a reporter, a young returned Peace Corps veteran said, "I think we were led to believe that people would seek us out on our return to America, that we'd move at once into paneled offices and hop airplanes to conferences in Geneva. Instead, many of us have met rejection in jobs."

Apparently, as the result of official suggestion that they would be rewarded for their virtue by imposing home jobs, our young, returning Peace Corps people are having to move through a period of disillusion known to its officials as the "re-entry crisis."

It isn't a necessary disillusion. And instead of continuing to impose it on the fine young Americans who volunteer for Peace Corps work, I hope its authorities will get some signs painted for their interviewing

offices reading "VIRTUE IS ITS OWN REWARD." Then the fine young people will stop expecting American employers to meet them at their home piers and airfields with offers of vice presidencies and deanships.

It is cruel to tell children and young people that they can count on reward for virtue. They can't. It isn't just America which doesn't reward virtue. The world as a whole doesn't reward it. It never has. Jesus was rewarded for his virtue by crucifixion.

And lying to the young about this truth is the one lie they do not forgive.

If there is one truth we owe to children and young people it is the truth that virtue is its own reward. It is our profoundest moral obligation to say, "Child, to be good is something one tries to be for oneself. Even the struggle to be good guarantees us no worldly reward of any kind. The reward is always inward the inward knowledge of our effort to be good."

## Tips for Young Mothers

By Polly Cramer  
Newspaper Enterprise Assn.

DEAR POLLY — Do you find it difficult keeping a napkin over a child's suit or dress while the child is eating, particularly in a restaurant? Try knotting one corner of the napkin and then tuck this knotted corner in the neck of the child's clothes. The napkin stays put and does not "work up" to make the child feel as if he or

she is being choked.—H. M. M.

DEAR POLLY—I am the mother of a little papoose who was a big surprise that came along just as soon as my youngest was settled in school and I thought the time had come to do all those things I had never seemed to be able to do. I am having the time of my life and I think I am getting to be a better mother. I want to share some of the ideas I have come up with that make caring for baby more fun and easier, too.

I keep his diapers in a picnic basket that is the same size as a diaper folded to fit. When I wash diapers I take the basket to the line, fold the diapers as they come off the line and but them right into this basket which is kept under his bed. Not only is drawer space saved but motion and time are saved by not having to open and close a drawer every time a change is indicated.

When baby has sensitive skin and sleeps on his tummy, I put baby powder on the bed where his knees are to help prevent sheet burn when he begins kicking and moving around to let me know he is awake.

just as easy to make as six spades and that if West holds the king of diamonds, the hand will spread for a grand slam provided South takes the diamond finesse.

South wins the heart lead with the queen in dummy and pulls trumps. Meanwhile he has noted that he has a play at his disposal that may get him a very good score if the king of diamonds is in the East hand.

South leads a diamond to dummy's ace and returns a low diamond toward his own hand.

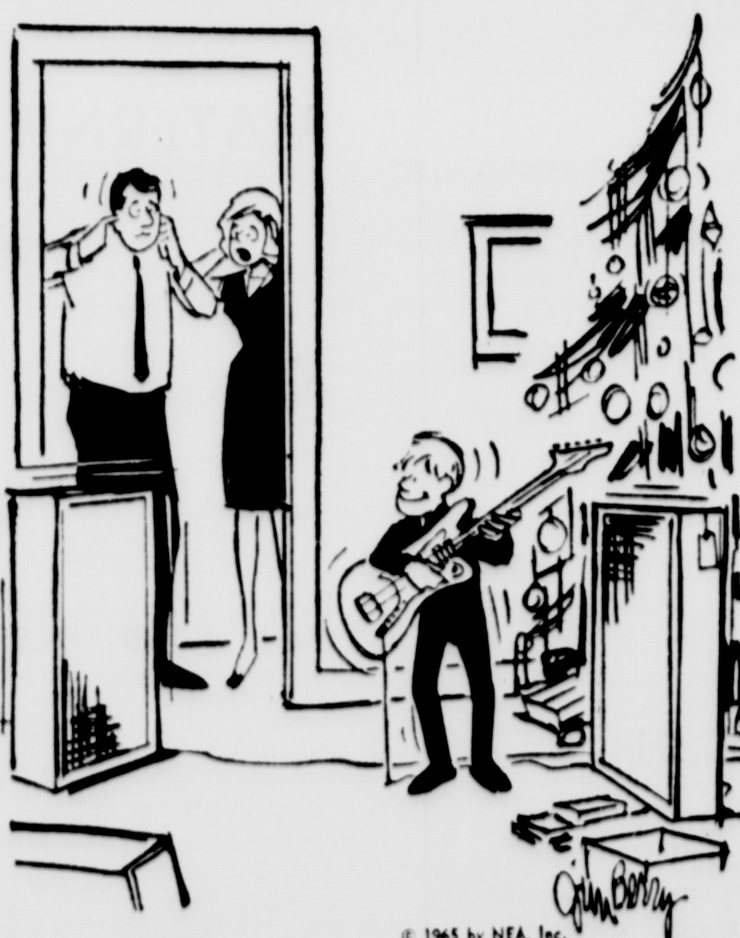

East has the king and a moment of decision. Probably he should go right up with the king on the theory that if South really has a singleton diamond it won't do him any good to hold off, but then East does not have our advantages. He sees only his own cards and dummy. So East is likely to duck. North manages to make an overtrick at his slam contract.

Also, since the game is duplicate, that overtrick gives him the top score he is looking for.

Answers Your Problems

Dear Ann Landers: Your column hits everybody sooner or later. I got mine in the letter from grandma whose daughter left her three-year-old playing—unattended—in the bathtub.

Here is my story: I left my three little girls in the tub while I went to give the infant his bottle. The two older girls climbed out and turned the faucet on. A few minutes later the older one came to tell me that her little sister was "asleep with her face down in the water" and wouldn't wake up. We lived two blocks from the police station. Within minutes the police were on the scene. They rushed the child to the hospital, but it was too late.

I can still hear the voices at the funeral. "She should have known better." "What a foolish person to have left those children alone."

Ann, if you will print my letter and save just one mother the agony I went through it will be worth the heartache I am still suffering as I put these words down on paper. Thank you.—MRS. E.

Dear Mrs. E.: Here it is and I can add nothing except my devout wish that all mothers who read your letter will remember what they have read.

Dear Ann Landers: The cleaning woman who has worked for me for six years is an alcoholic. Please don't send me your booklet. I am not interested in curing her. When Ruby is stoned she cleans the house better than my other cleaning woman did when she was sober. As far as I am concerned, she can drink all she wants to. What I want to know is how I can get Ruby to quit drinking a half fifth of expensive Scotch every time she cleans the house.

I am sure she is not used to such fine liquor and when she buys the stuff herself she gets a very cheap brand. Would it be wrong for me to buy Ruby some cheap booze and tell her to leave the good stuff alone?

Don't suggest that I lock up the

liquor cabinet. I did this once and she asked for the key so she could clean it thoroughly. So you see she is a smart old lush. Thanks.—STYMIED.

Dear Sty: Obviously, she's a lot smarter than the lady she works for.

Hasn't it occurred to you to keep the liquor cabinet locked and clean it yourself?

Dear Ann Landers: I told my husband that the very next time he walks into the house with unexpected dinner guests I'm going to put on my coat before they sit down and march them right over to a restaurant. He threw three extras at me last night and I was embarrassed to death.

I am a very good cook, Ann, but I am no magician. I can't stretch a four-pound roast and a pound and a half of green beans to feed ten people.

My husband says the salesmen he brings home are so hungry for home cooking that they'd rather have a fried egg in our house than a steak in a restaurant.

Please, oh please, tell me what to do about this.—SICK OF SURPRISES.

Dear Sick: Your husband gave you the answer. Fry 'em an egg and don't make any apologies.

If your husband objects to cackle-berries for dinner tell him to bring along extra T-bones when he brings those salesmen who are so hungry for home cooking.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

## Miss Lois Kathleen Heins Weds Mister Wayne Ellis Kuhlman

Mrs. Wayne Ellis Kuhlman

The late November wedding of Miss Lois Kathleen Heins to Mr. Wayne Ellis Kuhlman took place at Sweet Springs Immanuel Lutheran Church. The bride is the daughter of Mr. and Mrs. Ralph A. Heins, Sweet Springs. Mr. Kuhlman is the son of Mrs. E. A. Kuhlman, Warrensburg.

The Rev. Ross E. Haupt performed the seven o'clock evening double ring ceremony in a setting of white gladioli and yellow chrysanthemums. White satin ribbons marked chancel pews.

Traditional wedding selections were played at the organ by Mrs. Paul Wylie. Miss Margaret Knight, Sweet Springs, soloist, sang "Walk Hand in Hand" and "The Lord's Prayer."

Miss Ethel Jones, Kansas City, and Miss Sharon Elling, Concordia, lighted tapers. They wore street length creations of green mint brocade taffeta, featuring long sleeves and rounded necks.

Escorted to the altar and given in marriage by her father,

brother-in-law of the bride, as best man. Other attendants for the bridegroom were Mr. Terry Hassemeyer, Emma, and Mr. Ronnie Elling, Concordia, cousin of the bridegroom.

Ushers were Mr. Ray Sears, Sweet Springs, cousin of the bride, and Mr. Jimmie Elling, Concordia, cousin of the bridegroom.

Misses Crystle and Diana Lynn Kuhlman, Warrensburg, nieces of the bridegroom, were flower girls. Their gowns were styled like those of the candle-lighters.

Mrs. Heins wore a two piece cocoa-beige suit with accessories of royal blue. The bridegroom's mother selected a royal blue crepe dress with black accessories.

A reception for 150 guests was held in the church basement following the ceremony. A crocheted cloth over mint green covered the bride's table. White chrysanthemums and candles completed decorations.

Serving were Miss Betty Bredehoeft, Concordia, and Miss Janice Lehman, Sweet Springs. Miss Linda Wille, Concordia, presided at the guest book.

For traveling, the bride changed to a two piece white jersey suit with brown suede accessories. Three orchids from her bridal bouquet completed the costume.

The bride was graduated from Sweet Springs R-VII High School and is employed as an IBM proof operator at Commerce Trust Company, Kansas City. The bridegroom was graduated from Warrensburg Public High School and is employed at Alton Box Board Co., North Kansas City. The couple is at home at 432 East 31st, Kansas City.

# Favored Kansas Is Ready For Game With Old Rival

KANSAS CITY (AP) — Favorite Kansas faces old rival Kansas State and tough Colorado meets Iowa State's promising young team tonight as the 20th Big Eight holiday basketball tournament heats up after unimpressive opening victories by Oklahoma and Nebraska.

Tonight's doubleheader is a sellout of 10,500, the first sellout in the first round since 1956, the start of Wilt Chamberlain's sophomore year at Kansas.

Oklahoma outclassed Oklahoma State's cold shooters 58-36 and Nebraska blew a 19-point lead before edging Missouri in overtime 69-67 Monday night. Nebraska now has a 7-1 season record, Oklahoma 3-5.

Nebraska survived the first round for the first time since 1958 and the sixth time in 20 years. It was Coach Joe Cipriano's first tourney victory in seven tries, and he said, "I'm shaky but happy."

"We lost both our poise and momentum during Missouri's hot streak," Cipriano said. "We were fortunate to win."

Nebraska made just one field goal and missed six of eight free throws in the last 13:59 as Missouri rallied from a 35-38 deficit to a 59-59 tie at the end of regulation time.

After Missouri jumped ahead 63-59, Nebraska regained its poise and won it with one goal and 8 of 10 free throws in the overtime.

Stuart Lantz, Nebraska's quick and talented 6-foot-3 sophomore, scored 19 in the 42:25 first half and held Missouri's Ron Coleman to four. Coleman, the top scorer in the league, finished with 21, Lantz 22, Tom Baack, Husker sophomore, had 16 and rookie Dave Bennett came off the bench to score 13 for the Tigers.

# Ted Williams Is Headed For Hall

BOSTON (AP) — Ted Williams, one of the greatest hitters in baseball history, appears a sure bet for election to the hall of fame in his first year of eligibility.

Hy Hurwitz, secretary-treasurer of the Baseball Writers Association of America mailed ballots Monday to some 415 members with a minimum of 10. Because of the required membership period, many writers are being called upon to vote for a star who considered many of them a necessary, even unnecessary, evil.

Although often at odds with various baseball writers, Williams is figured a shoo-in for enshrinement in the Hall of Fame at Cooperstown, N.Y., next year. His fabulous batting marks offset any hostility that may have endured through the years.

The tall slugger compiled a .344 batting average and hit 521 homers in 19 seasons with the Boston Red Sox despite time out for service in both World War II and the Korean War. He also is the most recent of baseball's 400 hitters, batting a majestic .406 in 1941.

He led the American League in batting six times, in homers four times and in runs batted in four years. He hit over .300 in 16

against veteran Hank Iba of OSU.

The Kansas-K-State battle will be the first meeting of Walt Wesley, 6-11 Kansas senior who is defending Big Eight scoring champ, and Nick Pino, 7-1 K-State sophomore. The KU-K-State game starts at 7:30 p.m., Colorado-Iowa State at 9:30.

Williams, whose home run production is topped only by Babe Ruth's 714 and Jimmy Fox's 534, was among 41 former stars eligible for the Hall of Fame for the first time. Eligible players must have been active within a 30-year period but retired the last five years.

Other newcomers with Williams include Enos Slaughter, Don Newcombe, Alvin Dark, Hank Sauer, Bobby Thomson and Mickey Vernon.

The eligibility list also includes 30 top vote getters last year, when a runoff was necessary to elect Luke Appling.

Hurwitz placed a deadline of Jan. 15 for the balloting.

# Knicks See Dark Days In Future

By THE ASSOCIATED PRESS

It has been three years since the New York Knickerbockers last won a National Basketball Association game at Cincinnati Gardens. The way the Royals played Monday night, it could be three more years before the Knicks break the string.

Cincinnati opened up a 12-point first period lead and steadily added to it, whacking New York 138-116. In the only other NBA game played, Los Angeles downed St. Louis 108-100 at Memphis, Tenn.

Oscar Robertson was the Royals' big gun, scoring 36 points and tacking on 17 assists. Adrian Smith, Oscar's running mate in the Royals' backcourt, added 26 and Jerry Lucas had 25.

Cincinnati shot a sizzling 59 per cent on 58 for 102 from the floor with Robertson connecting on 15 of 25. Dick Barnett led New York with 29.

The Royals have beaten New York 16 straight times at home, last losing in Cincinnati in December, 1962.

Bob Boozer and Jerry West paced Los Angeles' comeback as the Lakers wiped out a 13-point halftime deficit and overtook St. Louis.

Boozer spun off a nine-point string in the third period and West duplicated it in the final 90 seconds as the Western Division leaders outscored the Hawks 34-15 in the final 12 minutes.

West led the Lakers with 24 and Boozer finished with 23. Player-coach Richie Guerin led St. Louis with 25.

# Midwest Tourney In Semi-Finals

EMPORIA, Kan. (AP)—Illinois State faces Fort Hays State and Rockhurst will meet Pittsburg State tonight in the semi-finals of the Midwest Basketball Tournament.

In losers bracket games this afternoon St. Benedict's will play Omaha and Emporia State will take on Washburn.

Illinois State sprung the upset of Monday's first round by knocking off top-seeded St. Benedict's 93-74. The Illinois team entered the tourney with a lowly 1-6 record compared to St. But the underdogs jumped off with a fast break and never were in trouble.

Fort Hays, now with a 5-1 mark, beat Omaha 78-62 on the 27-point shooting of Cleat Doyel. He hit 19 in the second half after Omaha led 33-31 at intermission. Omaha's record is 3-5.

Pittsburg (7-2) used a fast break and full court press in taking a 96-78 decision over Washburn (2-8). Jim Chroust had 22 points for Pittsburg, which was in full command all

# 4 Teams Strengthen Their Positions; Duke Is Tops

By BEN OLAN

Associated Press Sports Writer

Four undefeated teams have taken stronger positions in the Associated Press major-college basketball poll while once-beaten Duke held onto a sizable first-place lead.

The four are Vanderbilt, Bradley, Iowa and Kentucky, ranking behind the Blue Devils in that order.

Duke, 7-1 including last week's 100-93 overtime victory over Michigan, collected 35 first-place votes and 405 points in the latest balloting by a special panel of 43 regional experts.

Vanderbilt advanced two places to second with seven first-place votes and 331 points. The Commodores whipped Northwestern and the University of California at Santa Barbara, pushing their record to 8-0.

Bradley also climbed two places to third after beating Montana and North Dakota for a 10-0 mark. The Peoria, Ill. Braves had 299 points.

Iowa, 7-0, soared from ninth to fourth while Kentucky, which received the only other vote for the top position, moved up from 10th to fifth. Both teams are 7-0. The Wildcats trounced Texas Tech 89-73 last week while Iowa was idle.

Brigham Young, also unbeaten at 6-0, climbed into the No. 6 spot. BYU was unranked last week. Michigan, which also lost to Butler for a 4-3 mark, slipped four notches to seventh.

St. Joseph's, Pa., in the runner-up position a week ago, fell to eighth. The previously-unbeaten Hawks lost to Wyoming 99-92 and Brigham Young 103-83 last week.

Minnesota and Providence each tumbled three places, the Gophers to ninth and Providence to 10th. Both lost their first games of the season in last week's action. Minnesota to Utah State and Providence to Houston.

Wichita, eight last week, dropped out of the top 10 after losing to Southern Illinois, a small-college opponent, and Marquette.

The voting was based on games through last Saturday.

The Top Ten teams, with first-place votes in parentheses, won't records through games of Saturday, Dec. 25 and total points on a 10-9-8 scale, basis:

1. Duke (35)	7-1	405
2. Vanderbilt (7)	8-0	331
3. Bradley	10-0	299
4. Iowa	7-0	273
5. Kentucky (1)	7-0	230
6. Brigham Young	6-0	169
7. Michigan	4-3	94
8. St. Joseph's, Pa.	6-2	90
9. Minnesota	5-1	74
10. Providence	5-1	40

# Geigel, Viking Will Try To Extend Roughing List

Bob Geigel and the unruly Viking will be trying to extend their roughing list to include veteran Sonny Myers and youthful Bobby Shane when the two teams collide tonight at Convention Hall.

The arrogant Viking and equally boisterous Geigel have added several talented tandems to their log of victims, but have yet to conquer the stylish Myers and Shane in team warring.

The event will highlight a four-match program that will close the 1965 side of the pro wrestling season.

Also on the card will be two aggressive girl wrestlers—Betty Niccoli and Jessica Rogers. The spirited females rank high on the Central States women's ladder and each is unpredictable. Rogers is an old hand at roughing up an opponent and Niccoli is a favorite target because of her equally violent manner.

Separate events will send Shane against the ringwise Geigel, Myers against the Viking.

Holding forth as one of the rowdiest ring duo's around has proved a precarious job for the Viking and Geigel. The Viking ran afoul of veteran Lee Henful in a recent clash and suffered a broken nose when Henful slammed a chair into his face.

"I hope to finish where Henning left off," Myers stated. "The Viking is high on my hate list." Myers will attempt to lock his foe in the sleeper, a device that has kept him atop the area rankings.

With Shane around to lend strength, speed and youthful enthusiasm, Geigel and the Viking could be in for another busy evening.

Starting time for tonight's show is 8:15.

# Australia Retains Davis Cup

SYDNEY, Australia (AP) — The sun blazed down on center court at 114 degrees, and John Newcombe and Tony Roche blazed over it with the same intensity today as Australia retained the Davis Cup with an easy doubles triumph over the flamboyant Spanish team of Manuel Santana and Luis Arilla.

The Aussies' 6-3, 4-6, 7-5, 6-2 triumph over the gallant Spaniards gave the boys from Down Under an insurmountable 3-0 lead in the best-of-5 series and kept the big silver cup, emblematic of world amateur tennis supremacy, in Australia for the 13th time in the last 20 years.

Despite an imported group of 400 Spanish spectators gaily bedecked in red and gold scarves and an appreciative Australian crowd of 8,000 in White City Stadium, the Spaniards seemed to wilt after breaking through in the second set.

Santana tired noticeably during the third set, apparently feeling the effects of the 60-game singles match he lost to Fred Stolle Monday, 10-12, 3-6, 6-1, 6-4, 7-5. Spain fell behind 2-0 when Roy Emerson whipped Juan Gisbert 6-3, 6-2, 6-2.

So the scene was dramatically set for today's matches with the Spaniards facing a win-or-else situation in their first appearance in the Challenge Round and the Aussies deciding to send out the second-line combo of Newcombe and Roche for the clincher.

Australian captain Harry Hopman, who made the decision to use the rested Newcombe-Roche team rather than come back with Emerson and Stolle, freely predicted that it would be all over after the doubles match.

The Gophers, led by team captain Archie Clark, edged stubborn Cornell 84-82 Monday night in their first start in Philadelphia's Quaker City Classic, but they were the only out-of-towners to survive the tournament's opening round.

Matt Goukas sparked defending tourney champion St. Joseph's to a 95-72 romp over Niagara while unbeaten Temple rocked St. Bonaventure 84-72 and LaSalle upended previously unbeaten Brigham Young 71-69 in other first-round action.

Temple, 9-0, meets LaSalle, 3-4, in one of Wednesday night's semifinals — assuring Philadelphia of a finalist in a tourney won by local teams in each of its four years — and eighth-ranked St. Joseph's plays the No. 9 Gophers in the other.

Clark paced Minnesota to its sixth victory in seven games with 25 points and nine assists. He hit four key free throws in the last 1½ minutes, wrapping it up against the surprising Ivy Leaguers.

Goukas also came up with nine assists and hit for 20 points as the Hawks rebounded from two straight road losses for a 7-2 season mark. St. Joseph's raced to a 14-point halftime lead and breezed home despite losing rebounder Cliff Anderson on fouls early in the second half.

LaSalle snapped sixth-ranked BYU's seven-game winning string — which included a victory over St. Joseph's — with a second half rally, taking the lead for good 58-57 on Hubie Grant's jumper with 12:02 to play. Ken Morgan, with 29 points; Jim Williams, with 18; and Clarence Brookings, with 15, shot Temple past the Bonnies.

# 2 Repeaters On NAIA's Honor Team

KANSAS CITY (AP) — The National Association of Intercollegiate Athletics announced its 1965 all-star football team to-day, and so diversified is this season's talent there are only two repeaters.

One is quarterback Ed Buzzell of Ottawa, Kan., University. Buzzell threw 31 touchdowns passes this season for a four-year career total of 72, and averaged 241.1 yards a game passing during 1965.

The other is Bruce McLenna of Hillsdale, Mich., a hard-running back who, along with Allen Smith of Findlay, Ohio, and Mel Stanton, Eastern Washington State, make up the remainder of the mythical backfield.

McLenna, a 228-pounder, averaged 112 yards a game, and Smith repeated as NAIA scoring champion with 146 points. He edged Stanton for the rushing title by two yards, 1,240 to 1,233. Stanton was second in scoring with 126 points.

The ends are Spencer (Spike) Gordon of Southern Oregon, and Darrell Elam of West Virginia Tech; the tackles, Fred Cremer, St. John's, Minn., and Frank Cornish, Grambling, La.; the guards, Keith Collins, Sam Houston, Tex., State, and Larry McDaniel, Minot, N.D. State, and the center, Ed Krum, Kearney, Neb., State.

On the defensive first team are linebackers Jim Kreitz, Illinois Wesleyan, and Carlos Mainord, McMurry, Tex.; halfback Vern Brock, Whittier, Calif., and George Clayton, Fairmont, W. Va., State; safety, Harry Theofilides, Wayneburg, Pa.; ends, Tommy Nelson, Sul Ross, Tex., State, and Bruce Anderson, Willamette, Ore.; tackles, Don Williams, Wofford, S.C., and Bill Scott Northeastern Oklahoma State, and guards, Dennis Chinn, Occidental, Calif., and Tom Seals, Georgetown, Ky.

# Only One Unanimous Decision

NEW YORK (AP) — Jerry West must wonder what a guy has to do to be a unanimous All-Star selection in the National Basketball Association.

Los Angeles' Mr. Everything was one of eight NBA players named to the West squad for the league's annual All-Star Game at Cincinnati, Jan. 11.

West was named on all but one of the 67 ballots cast by sports writers and broadcasters in the nine NBA cities. West is the NBA's leading scorer with 1,228 points, one of three NBA players to pass the 1,000-point plateau this season, and the only one in the West.

The West team did have one unanimous selection. He's Nate Thurmond, the 6-foot-10 San Francisco center who took over in the Warriors' pivot spot after Wilt Chamberlain was traded to Philadelphia.

The only rookie on the team is Rick Barry of the Warriors, who is averaging better than 21 points per game.

Others chosen were San Francisco's Guy Rodgers, Don Ohl and Bailey Howell of Baltimore, Zelmo Beaty of St. Louis and Rudy LaRusso of Los Angeles.

The East's first eight stars will be announced Thursday and then NBA coaches will pick two more players for each 10-man squad.

# Tigers Will Defend Championship In Marshall Tourney

The Smith-Cotton Tigers, defending champions, enter the Marshall Christmas Tournament Wednesday night against the Marshall Owls, while the Booneville Public High Pirates go against Slater in the opening game of the tournament.

The Bengals have won the tournament the last two times. Action gets underway at 7 p.m., with the Bengals slated to see action around 8 p. m. in the second contest of the first round.

Winners of the Booneville-Slater game and the Marshall-Sedalia contest meet for championship honors Thursday night, while the losers play for consolation. Only four teams participate in the two-day tourney.

## Sheriff Explains Accident As 'Worst I Have Seen'

SUBLETTE, Kan. (AP) — When Sheriff Paul Blackmore arrived he could see only one car, horribly dented out of shape. "I asked a man if anyone was hurt and he said yes and that many were dead."

"And when he pointed, I could see the other car down from the road a little, in a shallow place. Then I could hear children and women screaming. Nobody in the first car made a sound. They were all dead or unconscious."

Seven people died in the collision. Seven others—including four children — escaped with their lives but must spend months in casts because all have one or more broken bones.

The accident was Sunday at the intersection of two U.S. highways in the flattest county in Kansas. Visibility across the wheat and alfalfa fields was excellent. The road was dry, the sky was only slightly overcast. It was mid-afternoon.

In the car Sheriff Blackmore saw first—a new station wagon—were Mr. and Mrs. Lawrence Blakely. Mr. and Mrs. James Simmons and their 8-month-old son, Todd. Only Blakely, 24, was alive.

Mrs. Blakely and Mrs. Simmons (Dana, 22, and Pauline, 27) were sisters — two of the nine children of Mr. and Mrs. Ferdinand Gales of Satanta, Kan. They were enroute from their homes in Dodge City, Kan., an hour's drive away, for a family gathering at the Gales' house. Mrs. Simmons was expecting another child.

The adults in the other car were Mrs. Dora G. Saldívar, 27, and her mother, Mrs. Sabena Gonzales, 57. There also were Mrs. Saldívar's six children and her sister, Susan Gonzales, 14. Mrs. Gonzales, 4-year-old Nettie Saldívar and 1-year-old Cindy Saldívar, were killed.

They had come from a Christ-

## Green Bay Is Tough In Two Ways

CLEVELAND, Ohio (AP) — How do the Green Bay Packers look to Cleveland Browns' Coach Blanton Collier?

"Their defense is something like that of the Dallas Cowboys," he said. "I'd say the offense resembles that of St. Louis, the one the Cardinals had before injuries hit the team."

That means Collier thinks the Packers are tough both ways. Dallas had the stingiest defense (280 points) in the Eastern Conference of the National Football League.

St. Louis, before the injuries, beat the Browns 49-13, the worst defeat the defending NFL champions suffered in an 11-3 record.

Collier, who takes the Browns to Green Bay, Wis., Sunday for the NFL championship game, made some other observations about the Packers Monday in an interview:

Q. Were you impressed with the Green Bay linebackers against the Baltimore Colts?

A. I certainly was. I guess Ray Nitschke must be the top middle linebacker in the league. Their three regulars all have an unusual combination of height, weight and speed.

## Sudden Eruption Of Crater Subsides

HILLO, Hawaii (AP) — Hawaii's remote Kilauea volcano still rumbles and fumes but it appears that the sudden eruption which began Christmas Eve is subsiding.

Residents of the island, 200 miles southeast of Honolulu, felt slight tremors Monday — three days after bright orange and red lava fountains burst out of the volcano's Alohi crater.

But scientists said there appeared to be no further movements of lava underground.

Experts at the Hawaii Volcano Observatory are trying to determine why Kilauea erupted without apparent warning.

The Alohi crater last erupted in 1962. It is in an unpopulated area about 30 miles southwest of Hilo.

For the third time in less than a year, Mike Mumbower of 409 Dal Whi Mo is tops in his area. Mike is the son of Mr. and Mrs. Glenn Mumbower and in the eighth grade at Smith-Cotton High School. He played football on the eighth grade football team and plans to try again this coming year. Mike is a member of Trinity Lutheran Evangelical Church and is a First Class Scout. He is Quarter Master of his patrol in Troop 57. He lists as his hobbies — what else — football. Again we say, Mike, a real fine showing and a job well done.

Butch Day of Buncheon won the honor roll in his area this month. Butch has only been a carrier since September 1st and has won the honor roll twice. He is the son of Mr. and Mrs. Paul W. Day of Buncheon and attends Buncheon Public School. He plays basketball there and is a member of the high school band. Butch is a member of the Buncheon Baptist Church and the Boys Royal Ambassadors. He enjoys building model cars and painting pictures. Congratulations Butch, for a good job.

This month's winner in his area was Dave Fuller, 624 Hillcrest Drive, in Knob Noster. Dave is the 14-year-old son of Capt. and Mrs. Gerald G. Fuller and is a member of the First Christian Church in Knob Noster. Since taking over his route in Knob Noster, Dave has built it up more than 50% and has really made a lot of friends during this time. It is plain to see that he really works hard at the job of being a good carrier.

Newspaperboys are honored on the basis of route performance including salesmanship, records, and service to subscribers.

Not all boys are listed, since certain standards are required for qualification.

In addition to earning money, newspaper route management offers an opportunity to win friends, and to develop characteristics important in later years. Any boy interested in managing a Democrat route is invited to fill out a route application.

## Soviets Have Problems In Production

MOSCOW (AP) — Pity the Russian working girl who spends a day's wages to buy a pair of stockings, wears them one day and finds a hole in a heel, all the toes out and lots of runs.

"Where is the working conscience of those factory workers who produced this defective stuff?" angrily demanded Miss Krylova.

She was mad about a pair of stockings from the Krtsanisi factory in Soviet Georgia that had cost 2.40 rubles — \$2.64 — the average daily earning of a woman clerk here. So she wrote to Pravda, the Communist party organ.

The paper got together with a Moscow department store and summoned a meeting to put people on the spot.

To discuss stockings in the Communist system, it took people from five different government ministries, plus the factories, plus Moscow shops. They seemed to Pravda to have agreed that the stocking business has problems.

Inadequate and poor quality yarn is supplied to factories. Machinery is old.

The Krtsanisi factory in Georgia was the main scapegoat.

Pravda said it sent 16,000 pairs of stockings to Moscow's central department store this year and all of them were defective. They are sitting in a warehouse while the factory refuses to accept responsibility.

Pravda concluded on the usual cheery note of such public admissions that problems have existed in the Soviet Union. In 1966 better yarn will be supplied, some factories will be re-equipped and production will increase 11 per cent.

But youths on the receiving end of federal job training programs are eligible for induction, if they meet the physical and mental standards set for draftees.

"As far as we are concerned," said Capt. William S. Pascoe, public information officer for the Selective Service System, "if a person is in the Job Corps, there is no reason for us to defer them."

Peace Corps volunteers are considered to be in an occupation vital to the national interest. The same is true of young men who join the Volunteers in Service to America — VISTA, domestic counterparts of the Peace Corps.

Deferments are granted on a year-to-year basis. The young man involved would be deferred only during the period of his service with the Peace Corps or with VISTA.

## OUT OUR WAY

By J. R. WILLIAMS

## Spot Crop Sickness

BERKELEY, Calif. (AP) — Two miles high, the airplane raced over a field of wheat.

Looking down, a special spying eye detected the beginning of a serious crop disease, two weeks sooner than a human expert could have spotted the trouble on the ground. Steps to control the disease were taken that much earlier.

This is one example of a new, expanding kind of spying to pry out valuable earth secrets — how crops and forests are faring, where hidden minerals or oil may lie, to fight fires, to find clues to coming changes in climate and weather, to learn what man by his actions is doing to his own planet.

Earth scientists call this remote sensing of the environment. It is aided now by a whole family of new sensing devices developed largely for military uses and now being taken off the secret list.

The spying eye over the wheat field was an infra-red device which detects heat waves. A darker image from part of the field marked the beginning of black stem rust disease.

Dr. Robert N. Colwell professor of forestry at the University of California, cited this instance of helpful spying today to the American Association for the Advancement of Science.

Combined use of infra-red and ultraviolet devices, radar, regular and color photography, and other means, is capable of telling one kind of vegetation from another, how healthy the vegetation is, and even why it is becoming sick, Dr. Colwell said.

The devices can pick up information to help "predict weeks, months or years in advance what a yield will be" in crops, or orchards or timberland, he said.

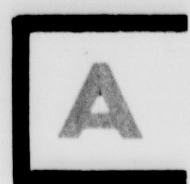

Devices that count gamma rays — a form of X ray — emanating from uranium and other elements in rocks
